1. [Recognition and Management of Sepsis in the Obstetric Patient.](#)

 (includes abstract) Parfitt, Sheryl E.; Hering, Sandra L.; AACN Advanced Critical Care, Fall2018; 29(3): 303-315. (13p) (Article)
Database: CINAHL
Abstract: Sepsis is one of the principal causes of maternal mortality in obstetrics. Physiologic changes that occur during pregnancy predispose pregnant patients to the development of sepsis. Furthermore, these changes make it difficult to
