

European Network for Social
and Emotional Competence

6th ENSEC Conference

Theme: **DiVerSiTy**

7–9 June 2017 | Stockholm, Sweden

WELCOME to a conference with a **diversity perspective on children and youth**.

Children and youth have the right to grow up and develop to their full potential, but poverty, illness and exile are a reality for many children and youth. This conference's theme is *Diversity* and includes how to increase a child's sense of connection and inclusion as well as hope. To be able to provide children with the best conditions possible, good knowledge and valuable experiences is crucial.

Therefore, we are proud to provide an opportunity for researchers, practitioners and stakeholders to meet, exchange experiences, share and to be inspired.

We promise teachers, psychologists, social workers, public health workers, university students, and all kind of researchers, an amazing and exciting conference.
