Android

Quick reference guide for connecting to Örebro University’s wireless network (Wi-Fi)
FIRST OF ALL
To use Örebro University’s Wi-Fi network on your mobile, tablet or computer, you must first create a password. To do this, visit our website http://www.oru.se and at the bottom, select Wireless networks.

1. Open Apps

2. Open Settings

3. Tap Wi-Fi
4. Tap eduroam

5. Use the following settings:
   - EAP Method: TTLS
   - Phase 2 authentication: PAP
   - CA certificate: (Unspecified)
   - Identity: Type your ORU account user name followed by @oru.se
   - Anonymous identity: anonymous@oru.se
   - Password: Type in the password which you created earlier for using wireless networks.
   - Tap Connect

6. Your Android device is now connected to eduroam

If you have any questions, visit IT Services in Långhuset.
