iPhone/iPad

Quick reference guide for connecting to Örebro University’s wireless network (Wi-Fi)
FIRST OF ALL
To use Örebro University’s Wi-Fi network on your mobile, tablet or computer, you must first create a password. To do this, visit our website http://www.oru.se and at the bottom, select Wireless networks.

1. Open Settings.

2. Tap Wi-Fi.

3. Tap oru.se/wifi. Then tap the home button.
4. Open Safari.

5. Type oru.se/wifi in the address bar.

6. Type your ORU account user name followed by @oru.se.

7. Tap JoinNow.

8. Tap Install.

If you haven't already created a password for eduroam, you can create one here.

To begin installation please click JoinNow below.

If you have any questions or need assistance, please contact:
9. Type in the password for your iPhone/iPad.

10. Tap Install.

11. Tap Install to confirm installation.

12. Type in the password which you created earlier for using wireless networks. Select Next.

13. Tap Done.

14. Your iPhone/iPad is now connected to eduroam.

If you have any questions, visit IT Services in Långhuset.
