Mac

Quick reference guide for connecting to Örebro University’s wireless network (Wi-Fi)
FIRST OF ALL

To use Örebro University’s Wi-Fi network on your mobile, tablet or computer, you must first create a password. To do this, visit our website http://www.oru.se and at the bottom, select Wireless networks.

1. Click the Wi-Fi menu icon.

2. Select oru.se/wifi.

3. Open Safari.

4. Type oru.se/wifi in the address bar.

5. Type your ORU account user name followed by @oru.se. Click JoinNow.
6. Click Continue to install profile “Örebro university eduroam MobileConfig”.

7. Click Continue to confirm installation.

8. Type in the password which you created earlier for using wireless networks and click Install.

9. Click Install to confirm installation.

10. Type in your Mac password.

11. Your Mac is now connected to eduroam.

If you have any questions, visit IT Services in Långhuset.
