

Instruction for mid-way summary

Suggestion

- **Title sheet:**
 - Title of doctoral project
 - Name of the doctoral student
 - Subject (Medical Science) + specialization (Biomedicine/Healthcare Sciences/Medicine/Surgical Sciences)
 - Names of supervisors
 - Date of mid-way review

Table of content

- Introduction (literature review/background – 2 - 4 pages, references at the end)
- Aim/Purpose
- Status report of projects (for each sub study, describe what has been done so far with respect to a) planning; b) data collection and analysis; c) manuscripts and publication (4 - 6 pages in total for this part)
- Status report of progress towards the degree outcomes (Higher Education Ordinance).
Note: not expected to be fully achieved until time of thesis defence
- Plan for the remaining doctoral education (describe research project and learning activities from now to the thesis defence. Include reflection on time plan to completion)
- Ethical considerations
- References

Recommendations and reminders

- We recommend that you use the *ORU Thesis Template* (<https://www.oru.se/english/study/doctoral-studies/thesis-production/structure/>) from the printing office (Repro) as an inspiration and to familiarize yourself with the template for your future introductory chapter. But keep in mind: this is a mid-way review; the intention is not to write a full introductory chapter at this point.
