

Seminar on collaboration in metabolomics between Örebro University and University of Turku

Friday, 9.6.2017

9:00-11:30, place B311

- **Analytical approaches for metabolomics and main projects at ORU**
Tuulia Hyötyläinen
- **Research overview and EU FP7 METSY project**
Matej Orešič
- **Analytical platform for metabolomics at UTU and research on traumatic brain injury**
Alex Dickens
- **T cell metabolic studies and type 1 diabetes research**
Esko Kemppainen
- **Genome-scale metabolic modelling in immunometabolic research**
Partho Sen

Discussion
