Swetaly AI workshop #3

AI for people and society

Agenda

08.30 – 09.00 coffee and registration for onsite participants. Check in for online participants.

09.00 Introduction to the workshop Amy Loutfi, Pro-Vice-Chancellor at Örebro University

Presentations
15 mins per presentation (10 mins Talk, 5 mins questions/reflections)

09.10 – 09.25 *The Future of AI: from Technical Metrics to Human-Centered Metrics*
Luca Oneto, Associate Professor, University of Genoa

09.25 – 09.40 *Human-AI communication and the persuasive power of artificial agents*
Jennifer Renoux, PhD, Örebro University

09.40 – 09.55 *AI and Robotics for waste sorting and recycling*
Emanuele Menegatti professor, University of Padova

09.55 – 10.10 *Machine learning in agri-robotics*
Stephanie Lowry, PhD, Associate Senior Lecturer, Örebro University

10.10 – 10.55 Discussion (Group work, onsite and in break-out rooms) and short break

10.55 – 11.10 *Small talk and off domain responses, examples from practice*
Sandra Bergman, PhD, Uppsala University

11.10 – 11.25 *Artificial Intelligence facing Multidimensional Poverty in Elderly*
Francesca Gasparini, Professor, University of Milano-Bicocca

11.25 – 11.40 *Recurrent Neural Networks for Daily Estimation of COVID-19 Prognosis*
Nicholas Rossetti, University of Brescia

11.40 – 11.55 *Vakant spot*

12.00 – 12.45 Discussion (online and onsite together)
