

Appendix 3

Checklist for external expert assessment, senior lecturer – basis for assessment and assessment criteria

Research expertise				
Assessment criteria	Yes	Doubtful	No	Insufficient basis for assessment
The applicant has been awarded a doctoral degree.				
The applicant is a nationally established researcher.				
The applicant is an internationally recognised researcher.				
The applicant can present their own ongoing research.				
The applicant has presented independent scientific publications of high quality following the award of the doctoral degree.				
The applicant has demonstrated that the majority of the papers constituting the doctoral thesis have been published following the award of the degree.				
The applicant is deemed to have a good ability to develop and lead research, e.g. their own research group.				
The applicant has experience of academic/scientific positions of trust.				
The applicant is/has been the principal researcher of projects with current grants awarded in national or international competition.				
The applicant is/has been co-applicant of projects with current grants awarded in national or international competition.				

Teaching expertise				
Assessment criteria	Yes	Doubtful	No	Insufficient basis for assessment
The applicant has undergone a minimum of 10 weeks training in teaching and learning in higher education ¹ .				
The applicant has presented documented experience of various forms of working and teaching at bachelor's, master's and/or doctoral levels.				
The applicant has presented documented experience of individual supervision at various levels (e.g. degree projects or clinical supervision).				
The applicant has presented the ability to support student learning through constructive and continuous feedback.				
The applicant has presented documented independent responsibility for planning, implementing and evaluating their own courses and for examinations or equivalent.				
The applicant is considered to be a good educator (e.g. via course evaluations, teaching awards etc.).				
The applicant has a demonstrated ability to link teaching to research.				
The applicant has performed a significant part of their teaching-related work during the previous 5 to 10 years.				
¹ If necessary, an equivalence assessment will be made by Örebro University. If/when appointed, the applicant lacks training, the requisite courses may be taken within two years of taking up the position.				

Appendix 3
